VOLUME CIX.--NO. 99. ALEXANDRIA, VA, SATURDAY EVENING, APRIL 25, 1908. PRICE 2 CENTS

A Bold Step.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broadcast and openly to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merits, and made them *Remedies of Known Composition.*

By this bold step Dr. Pierce has shown that his formulas are of such excellence that he is not afraid to subject them to the fullest scrutiny.

Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, bad liver or biliousness and all catarrhal diseases wherever located, have printed upon it, in *plain English*, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works, of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing *in the strongest possible terms*, each and every ingredient contained in Dr. Pierce's medicines One of these little books will be mailed free to any one sending address on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral agents or other poisonous or injurious agents and that they are made from native, medicinal roots of great value; also that some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for weak, nervous, over-worked, "run-down," nervous and debilitated women, were employed, long years ago, by the Indians for similar ailments affecting their squaws. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription was known to the Indians as "Squaw-Weed." Our knowledge of the uses of not a few of our most valuable native, medicinal plants was gained from the Indians.

As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. Sold by all dealers in medicines.

KILLED BY CYCLONES.

A wind of cyclonic proportions swept over portions of Louisiana, Mississippi and, Alabama late yesterday, leaving a trail of dead and injured. The number of killed is estimated at close to a hundred, and the number of injured at over a hundred, with many portions of the afflicted districts to be heard from.

Most of the dead are negroes. Perhaps a dozen white persons were caught in falling buildings and either fatally injured or so seriously disabled as to require medical attention.

The loss of life was chiefly in the quarters of colored persons, where the wind destroyed their cabins, burying the occupants in the debris, or in the farming sections of the country, where trees were uprooted, telegraph and telephone poles torn up and general destruction became an encore to a storm which swept with almost tornado fury through the country.

In Louisiana it is estimated that a score of small towns were destroyed or partly wrecked. They include Amite City, Arcadia and Independence. Belle Grove, Melton, Lorman, Pine Ridge, Quitman Landing, Fairchilds Creek, Purvis and Lumberton, Miss., are reported seriously damaged by the storm.

In Alabama, Dora was the chief sufferer. This town is also known as Bergen. Four or more persons were killed, Fifty persons at the lowest estimate were injured.

At Bergen cars were blown from the railroad tracks, and considerable other property destroyed.

Reports also says that the storm struck Albertville, Ala., late yesterday afternoon and destroyed nearly the entire northern portion of the town. A cotton mill was blown down, the storm ranging northward doing much destruction to life and property. An unconfirmed report from that section gives the death list as from 30 to 35, with scores of persons injured.

From Meridian, Miss., comes a report that two persons were killed and one seriously injured.

Richland and Lamourie, La., were struck by the storm and nearly a fifth of their population injured.

Winchester, Miss., a small town, is reported wiped out, though only two persons are known to have been killed.

Natchez, Miss., reports 60 are known to be dead in the northen Louisiana storm. Hundreds of plantation cabins are reported destroyed in that section.

Mobile reported nine dead in Hattiesburg, Miss.

At Mason, Tenn., the Methodist Church was blown down, and the parsonage adjoining that structure destroyed. The Presbyterian and Episcopal churches were both practically destroyed and several houses were blown down.

In Memphis the wind reached a velocity of 60 miles an hour. It uprooted shade trees, blew down telegraph and telephone wires and forced in plate-glass windows.

Reports from the scene of Thursday night's tornado in northern Nebraska show that twelve farm houses and twenty other buildings were destroyed and that over 100 head of live stock were killed.

At least fourteen persons received injuries, some of them serious.

Twenty-two buildings were destroyed by a tornado which Thursday evening struck Valley Springs, near Sioux Falls, S. Dak., but no loss of life resulted.

DEATH OF THE DUKE DE CHAULNES.

The death of the Duke de Chaulnes in Paris will be rigidly investigated by the authorities of the French government.

The report sent out yesterday morning that he had been found dead in bed by his wife, formerly Miss Theodora Shontz, of New York and Washington, is now said to have been untrue.

The duke, who was living at the Langham Hotel with his wife, had finished a late dinner with a guest, Baron Lepic, at about 10 o'clock Thursday night. The baron left the room for a few moments and when he returned, the duchess cried, "Come quickly. Emmanuel has fainted. I don't know what's the matter with him."

A physician was summoned and he pronounced death due to embolism.

This is the version now given, which contradicts the report sent out yesterday morning, when it was announced that the duke had died a natural death in bed, and that his death was not discovered until several hours after, when his wife awoke to find life extinct.

The manager of the Langham Hotel in Paris last night said: "The duke and duchess were preparing to retire Thursday evening, when the duke fell. The duchess believed he had fainted, and summoned help. When those present were not able to relieve him, a doctor was summoned, who pronounced death due to heart disease."

These conflicting reports have thrown an air of mystery about the death, which is giving rise to sensational rumors.

The Paris Matin, in a long article, says that after the duke's marriage, his morphine and cocaine habits, with which it is now learned he had been addicted for the past eight years, not only continued, but grew worse.

A physician who examined the body said death was certainly natural, but that it was hastened by the excessive use of morphine.

The Matin adds that his old creditors crowded around him, seeking payment, only to find an administrator, who, invariably using the same formula, said:

"All I can offer you is the homage of my sympathy. I have no funds to pay you." The duke married under a regime of separate property. His personal property was in no wise increased by his marriage.

LOWER PRICES ON BACON.—Old Missouri Hams, 15c; Mild Cured Hams, 15c; Breakfast Strips, 15c. J. C. MILBURN

SATURDAY EVENING, APR. 25, 1908.

REV. DR. WILLIAM M. DAME preached his thirtieth Easter sermon last Sunday at Memorial Protestant Episcopal Church, Baltimore. Dr. Dame, who had been rector of Christ Church in this city, succeeded Rev. Rev. George W. Peterkins as rector of Memorial Church when the latter was made Bishop of West Virginia. In the past 30 years the membership of the church has increased from 200 to 900, and the seating capacity of the edifice recently had to be enlarged. During the time Mr. Dame was in charge of Christ Church in Alexandria his services were not only appreciated by his own flock, but by members of all denominations. He ever manifested earnestness in his pastoral work and was ready at all times to vie with others in Christian activities. In those days there was a Christian Association in Alexandria. This organization was composed of members of nearly all the churches of the city. Committees on Sundays visited the Poor House and jail and held outdoor services. Dr. Dame at times delivered open-air discourses on street corners. The fact that the memberships of his Baltimore church has increased from 200 to 900 shows that his exertions in Baltimore are as earnest as those he manifested while in our midst.

FORMAL announcement was made in the last issue of the Miners' Magazine, the official organ of the Western Federation of Miners, over the signature of C. E. Mahoney, first vice president and acting president of the organization, that the executive board has terminated the services of William D. Haywood as a representative of the federation in the field. Last December, after Haywood's acquittal at Boise, Idaho, on the charge of complicity in the murder of former Governor Steunenberg, he was superseded as secretary and treasurer of the federation by order of the executive board. Since that time he has been employed as a lecturer and organizer for the federation. The federation did well in cutting loose from Haywood, and the jury which acquitted him would have done much better if it had convicted him. The world believes him guilty of complicity in the murder, and the trial judge, himself, expressed his opinion of his guilt.

THE strongest argument made for a big navy lies in the statement that this country has two big stretches of coast line on two oceans, and, therefore, needs two big fleets of war ships to defend them. The answer lies in the fact that, notwithstanding our extended coast lines by strictly attending to our own business we have escaped effective attack. Our increasing capability of taking care of ourselves makes us increasingly safe for the future. The oceans that so widely seperate us from the other great powers of the earth are one of the elements of our safety. Our trans-marine rivals can only fight us at our arm's length, far away from their base of supplies.

MRS. DANIEL BLOCK appeared at the police station in Baltimore yesterday as the complainant against her husband, whom she charged with nonsupport. She said that he allowed her 10 cents a day and sent her to her mother's home to get her meals. This the husband denied, declaring that he allowed her 25 cents a day. Block is a Russian shoemaker. They have been married but two weeks. Justice Carr proved a good pacemaker, and after explaining to the husband that 10 cent was not enough to allow his wife in this country, he reconciled the couple and they went away together, the husband saying that he would give his wife more money.

UNDER the delusion that he was cutting his young wife's throat, Grant Dayhoof, 40 years old, son of the late Elias Dayhoof, of Linwood, Md., cut his own throat with a razor from ear to ear yesterday inflicting an injury from which he died yesterday. When he realized that his death was inevitable he selected three of his pallbearers and named two ministers to preach his funeral sermon. Every day dispatches from different places tell of wife murders and suicides of husbands. It would be well if all murderous husbands would make the mistake as noted above.

THE largest batch of pension bills to receive favorable consideration by the House this session was passed yesterday. The bills aggregated over a thousand, and all were put through in an hour. It is safe to say that not one in ten of the beneficiaries ever smelled gun powder or rightly deserves a pension, but the pension roll must be kept full in order that the tariff may not be reduced.

THE republican speakers will have a hard task to perform next fall when they attempt to show that the panic was mostly imaginary, and that the "slight business depression" is due to the democrats disturbing business by persisting in talking about tariff reform.

POLL taxes must be paid on or before Saturday, May 2, in order to qualify the voter to participate in the congressional primary on June 9th, or to vote in the presidential election in November.

THE beef trust is still booming the price of its products, and the administration makes no effort to curb the combine. President Roosevelt evidently considers the packers combine "a good trust."

SECRETARY CORTELYOU is also swinging around the New York circle with few addresses to business men. Is he preparing them for the campaign fund collector who will follow later?

THE Gray publicity bureau, of Wilmington, Del., is sending out a phamphlet with an interesting biography and review of the public works of Judge Gray.

Correspondence of the Alexandria Gazette.]

Washington, D. C., April 25.

A hornet's nest was stirred up in the House committee on interstate and foreign commerce today when the Senate resolution "to provide for the transportation by sea of material and equipment for use in the construction of the Panama canal" was taken up and finally reported with amendment. It provides that contracts for transportation shall be restricted to vessels owned or chartered by the United States or by the Panama Railroad Company or to vessels of the United States tendered by the lowest responsible bidder "unless the President shall deem the bids extortionate or unreasonable." A proviso authorizes the canal commission to purchase vessels of the United States, whenever the president believes the public interest is best served. The House committee amended the bill by striking out the clause of the resolution which excepted southern ports from its provisions.

Secretary Root was unanimously re-elected president of the American society of international law, at its meeting today. The names of Secretary Taft, Hon. George Gray, and Secretary Straus, were added to the list of vice presidents. The honorary membership, conferred every year, went to Louis Renaud, French international law expert. The additional names added to the executive committee are John Sharp Williams, Admiral Stockton, of the navy, and General George B. Davis, of the army. Senator Shelby M. Cullom was elected to the vacancy created by the resignation of Andrew B. White. A discussion of the codification of the international law was engaged in by Prof. Tadahashi, of Tokio University, and Prof. George C. Wilson, Brown University.

That Representative Lilley, author of the charges of corruption of congress by the Electric Boat Company, will resist as long as he is able the demand of the investigating committee upon him to produce copies of the Goff and Lathrop letters that went out from his office reflecting on the good faith of the committee, developed today.

When a delegation of the American Newspaper Publishers' Association and the Associated Press appeared today before Chairman Mann, of the select committee of the House to investigate the price of print paper, to say they were willing, to present some testimony, he asked them to take off their hats and stay awhile. A hearing was set for two o'clock this afternoon.

The Departments of State, Justice and Agriculture have agreed to admit certain Scotch whiskies that are alleged to be mislabeled, they are to be received on an equal footing with all other liquor importations for inspection. The American Federationist, official mouth piece of organized labor, issued today, sounds a note of warning editorially "to party leaders and machine bosses." The prediction is made that the spirit of independent voting is growing rapidly and that the coming election will show conclusively the severance of party allegiance on the part of union labor, where candidates are inimical to the labor interest.

Washington, April 25.

SENATE.

The fight of the administration forces, led by Senator Piles (Wis.) and Senator Beveridge (Ind.) for more battleships, began immediately after the opening of the Senate today, and became hotter as the debate progressed. To everybody's surprise, when the naval bill was taken up, there was no contest.

A continuation of the stirring debate of yesterday seemed to have been abandoned. The chair called for a vote on Piles' amendment which sought to increase the number of big ships from two, as provided in the bill, to four, on the argument that the United States, in the near future, might have to fight Japan. It was declared defeated without division.

The Washington Senator had been delayed. When he appeared, and was made acquainted, he demanded a reconsideration. Senatorial courtesy gave it to him. Then an oratorical battle raged.

Senator Aldrich characterized the attitude of Senators Piles and Beveridge as extraordinary, and there arguments ludicrous, "he said that they were serious phases to the situation. A great nation, he said, jealous of its honor, would be more ready to take offense against insinuations made on the floor of the Senate by some one pretending to represent the president of the United States than by an open attack."

He protested against Beveridge's remarks of yesterday. He did not believe that either the Indiana or Washington Senators had matter of the increased number of battleships were to be discussed in executive session there would be few votes against the pending amendment.

Senators Beveridge and Piles interrupted to disclaim that they had pretended to speak for the president, having merely referred to his message on this subject. Mr. Aldrich said talk about a war in the Pacific can only mean a fight with Japan, and there is no ground whatever for such insinuations.

In concluding Senator Aldrich pointed out that the appropriations in bills already passed of pending carried one hundred and four millions increase over those of last year, with a public building bill yet to come with about 20,000,000 more. These increased expenditures of more than one hundred and twenty millions, he said, come at a time when there is a deficit in the revenues of sixty millions. It was his opinion that unless a halt was called on expenditures it would be necessary for the committee which it is proposed to adopt to consider tariff revision, to seek for new sources of revenue.

HOUSE.

The House today passed, 217 to 18, the Burleson resolution calling on the Department of Commerce and Labor for an immediate report of the Bureau of Corporations on its investigation of the effect of speculations in cotton exchanges on the price of cotton.

The House also passed a bill increasing the remuneration of custom service officials.

Before reporting to the House the sundry civil bill carrying a total of $105,000,000, the House committee on appropriations had a lively discussion today on whether to allow the re-establishment of canteens in the national homes for disabled volunteer soldiers. Finally, the re-establishment was allowed.

The bill strikes a blow at the alleged practice of the secret service office in detailing men to run down the matrimonial troubles of men in the government service, etc., by providing that no secret service man shall be restored or paid compensation on this service for two years after he has been detailed, furloughed or otherwise separated from the office.

News of the Day.

The coal output of Maryland in 1907, exceeded that of any previous year in the history of the State. Statistics gives the total production as 5,532,628 short tons, having a spot value of $6,623,697.

Mrs. Jane P. Stone Harrison, widow of Dr. George Byrd Harrison and daughter of Dr. Robert King Stone, family physician to President Lincoln and his household, died yesterday at the family residence in Washington.

The northwest division of Manchester, England, by the heaviest poll cast in 20 years, yesterday reversed its verdict of 1906 and by a majority of 429 votes unseated as its member of Parliament Winston Spencer Churchill, liberal, who had just been made president of the Board of Trade in the new Asquith cabinet, and who two years ago so brilliantly wrested the seat from W. Joynson Hicks, unionist, his chief opponent of yesterday. The defeat of Mr. Churchill is a crushing blow to the prestige of the government and the young and confident minister, which is bound to have a marked influence in several other impending by-elections.

Joe Gans will fight Battling Nelson next June at 136 pounds, ringside and stripped, according to Ben Selig, who is acting for the negro champion.

D. A. R.

The Daughters of the American Revolution had an exciting session in Washington yesterday when an attempt was made by one of the delegates to have a resolution passed to censor the press reports concerning the congress of the Daughters. The resolution provides that hereafter all information for the press concerning the work of the congress should pass through the hands of the press committee.

The congress adopted a resolution, which set forth that information given out by Daughters must be vised by the chairman of the press committee before it is considered authentical. This, Mrs. McLean declared, had no reference to the reporters for the Washington newspapers.

The afternoon session was devoted to hearing reports and new business. There was an evening session, but the Daughters attended a patriotic celebration given at the New York Avenue Presbyterian Church by the Sons of the American Revolution of the District of Columbia.

The total sum of the contributions for the building fund received during the congress was announced by the Treasurer-General. Varying sums from $20,000 to $25,000 have been previously reported, but part of these amounts has been made up of pledges made last year. The cash actually contributed this week is a little less than $27,000.

Mrs. Smoot of Virginia, who was elected a vice president general at the recent election, was formerly chaplain general of the N. S. D. A. R., and in that capacity served creditably. Mrs. Smoot's great-grandmother was Betty Washington, the sister of George Washington. She is also related to the Marshalls and Lewises, of Virginia.

Mrs. Donald McLean says the Daughters of the American Revolution are almost unanimously in favor of issuing bonds to complete Continental Hall.

The following is the programme of today:

10:30 a. m.—Prayer, music, reading, reading of the minutes, new business, music—"The Star-Spangled Banner," benediction.

Adjournment of the Seventeenth Continental Congress.

DIED FROM APPENDICITIS.

A telegram from Welch, W. Va., announces the death of James C. Eastham, a prominent young business man of Huntington, which occurred in the Miners' Hospital yesterday. Mr. Eastham and Miss Emma Louise Russell, daughter of Issac W. Russell, of Winchester, were married on Saturday night at the Miners' Hospital, at Welch, in which town Mr. Eastham had been taken ill while on a business trip. Miss Russell was attending the marriage of her brother, Dr. Hugh Greenway Russell, and Miss Ella Gordon Hammond, in Richmond, when a telegram announcing the critical illness of Mr. Eastham reached her. Accompanied by her brother-in-law, Rev. Dr. James Gray McAllister, president of Hampden-Sinney College, she went at once to Welch, where the marriage was solemnized the same night. An operation was performed on Mr. Eastham for appendicitis, and his death resulted yesterday.

Zelestearo a Fugitive.

Buenos Ayres, April 25.—Governor Zelestearo, of Santiago province, with his cabinet, has arrived here a fugitive following the revolutionary outbreak in which the regular officials were deposed and forced to flee for their lives. Troops will be sent to the province to reestablish the regular officials' authority.

Virginia News.

Mrs. R. M. Waters died at her home at Manassas yesterday.

Mrs. Louise McIlhany Kilgour, wife of Mr James M. Kilgour, died on Saturday at her home, near Whestland, Loudoun county, in the 82nd year of her age.

Soon after the adjournment of the Episcopal Council which meets in Fredericksburg next month Bishop R. A. Gibson will sail for London, where he will be the guest of the Bishop of London.

At Newport News last night Harry Witchewab, the Pottawattomie Indian, who shot and killed Dora Hall, a white woman, in a Rocketts saloon, last December, was found guilty of murder in the second degree and given twelve years in the penitentiary by the jury in the Corporation Court.

The wedding of Mr. Arthur M. Chichester, jr., son of Capt. A. M. Chichester, of near Leesburg, and Miss Ethel Wister, of Philadelphia, took place in St. Peter's Church, Philadelphia, on Thursday. After a tour of some weeks Mr. and Mrs. Chichester will reside near Leesburg.

The death chamber in the penitentiary is to be ready for its first victim within five weeks from today. The contract for the death chair has been let and work on the death chamber and the death cells will be started next week. The death cells and chamber will be in the basement of the new cell building.

Grace Church, at Casanova station, was destroyed by fire yesterday morning, about 11 o'clock. The sexton was burning leaves in the church yard and the fire, getting beyond his control, caused the portico of the church to ignite and soon the entire structure was in flames. The church furniture, which was quite handsome, was saved. There was a small insurance upon the property.

CONGRESSIONAL.

In the Senate yesterday the battleship section of the naval appropriation bill was debated for nearly four hours by senators who desire the authorization of four big ships.

Senator Dick introduced a bill to reorganize and enlist the Naval Academy Band.

Senator Simmons' resolution authorizing the Secretary of War to have a preliminary survey made for the route of an inland canal from Boston to the vicinity of Wilmington, N. C., by way of the Chesapeake Bay, was agreed to yesterday in the Senate. It carries an appropriation of $10,000.

A brief executive session was held in which minor nominations were confirmed.

In the House the Burleson resolution calling upon the Secretary of Commerce and Labor for the report of the Commissioner of Corporations covering his investigations of the causes of fluctuation in the price of cotton was discussed, but went over until today.

Under a suspension of the rules the House passed a bill providing that the government construct within fifteen months its own tracks to the Washington navy yard.

A resolution permitting the "policing" of marine regattas was passed.

NEW RAILROAD.

Work on the new railroad between Richmond and Washington is to begin as soon as the charter can be perfected and presented to the State Corporation Commission for its acceptance. It is stated on the best of authority that there is to be no deal whereby the road will be made a part of the present system between Richmond and Washington. The new road will be operated by electricity, and will run direct from Richmond into Washington. It will not accept the reported proposition to have the road made a part of the old system and permit the use of old tracks, which are being doubled from Richmond to Alexandria.

The road known as the Washington and Falls Church line is the property of the Gould interests, and that will be made a part of the system whereby the company will be able to enter Washington. As soon as the road is completed the extention of the line through the counties of Hanover, King William, and King and Queen and into Gloucester will begin. There is no railroad in that part of the State, the only means of communication being by private conveyance for a distance of about sixty miles, or by steamer from Fredericksburg. The road will be about eighty miles in lenth, and will traverse a rich agricultural and trucking section. It is expected that the charter will be granted within the next thirty days.

CONFEDERATE VETERANS.

The committee in charge of arrangements for the Confederate Veterans' reunion, to be held this year in Birmingham, June, 9, 10, and 11, will establish a hotel already christened by Camp Hardee, the local camp of the United Confederate Veterans, "John B. Gordon."

This feature will be unique in the way of entertaining the reunions. Those veterans who will accept free accommodations will be quartered in a large, airy, commodious building that can easily accommodate 2,500. This building has electric lights, water and all conveniences. A band has already been engaged to stay at the hotel during the three days of the reunion, and the hearts of the veterans will be cheered by those soul-stirring melodies of Dixie, so popular in war and peace.

The mess-hall is under the charge of a committee headed by Sheriff E. L. Higdon.

NEW BISHOPS.

There is a possibility that the Episcopal Church will soon have three brothers as members of the bishopric. The Right Rev. Dr. William Paret, Bishop of Maryland, because of advancing years and failing strength, has asked his diocese to elect a coadjutor and has called a special convention for May 21 to choose the priest to be elevated to the episcopate. Several clergymen have been mentioned for the honor, among them being the Rev. Dr. Arthur B. Kinsolving, rector of St. Paul's Church, Baltimore, who is said to stand a good chance of election. One of Dr. Kinsolving's brothers is bishop of Texas and another is the head of the diocese of Southern Brazil.

Today's Telegraphic News.

China and Japan.

Canton, China, April 25.—Canton is boiling with anger over reports that the Japanese squadron recently at Amoy is now on its way here. The cruise is universally accepted as a demonstration designed to overawe the leaders of the anti-Japanese boycott. That it will accomplish the desired result may safely be denied in advance.

The Chinese government is alarmed but the people are delighted with the success of their experiment, and every fresh expedient adopted by the Mikado to cripple the movement appears only to increase its scope and strength.

The latest development—the signing of an agreement by the Chinese commercial leaders throughout south and central China, with central or branch houses in Canton, Hong Kong, Singapore, Penang, Shanghai, Rangoon, Amoy and Australia to buy no Japanese goods, accept no Japanese insurance and patronize no Japanese banks or transportation companies—is the most serious yet.

Violators of the agreement are to be fined $200 for each offense, to have their own, their fathers' and their grandfathers' names posted as traitors to China and to be expelled from the guilds to which they belong. Informers concerning breaches of the agreement are to receive half the fines.

Reports that the Chambers of Commerce in various cities of Japan began a five days joint convention today to fight the boycott and that former finance minister Baron Fakotani with four of his treasury assistants are to tour Europe and America explaining away stories of Japan's financial weakness and taken as proving the desperate commercial condition to which the Chinese have reduced business in the Mikado's realm.

Storms in the Southwest.

New Orleans, April 25.—Relief parties today are at work throughout the districts of Louisiana, Mississippi and Alabama which were swept by a cyclone yesterday, and the meagre reports which have come from them indicate the list of dead will be far above the 100 mark where it was placed last night.

There are several sections still to be heard from, too, and as the storm is known to have been severe in those regions, it is feared there was heavy loss of life. The injured, it is believed, will number between 300 and 500.

Nearly thirty villages in Louisiana are believed to have been practically destroyed.

New Orleans, April 25.—The known dead in the cyclones which swept Texas, Louisiana, Mississippi, Alabama and Tennessee are 225 and the known injured 478. The latter figure will probably reach 800.

Investigation.

New York, April 25.—Experts today are making a chemical analysis of the wine sent last night to Marie Dressler, the actress, which caused the death of her pet dog, looking for traces of poison. Until they receive the chemist's report the police are delaying an investigation. The package was sent to the Colonial Theatre where she is playing. As she was about to drink some of the wine she was called on the stage. As Miss Dressler and her maid started out of room the bottle was knocked over and broken. When they returned they found the dog, which had lapped up some of the wine, dead. Miss Dressler declared an attempt had been made to poison her and the police were called. Enough of the wine remained to secure a sample for analysis and a report from the chemists is expected today or Monday.

Denial from Duke's Physician.

Paris, April 25.—Explicit denial that an overdose of morphine or any other drug caused the Duc de Chaulnes' sudden death here Thursday night, as hinted by some of the Paris newspapers, was made today by Dr. Jeanton, the police physician who examined the body, and officially certified that the young man succumbed to embolism of the heart. Of the correctness of his first conclusion Dr. Jeanton says there is not the least doubt. Other medical men present at the examination corroborate the police physician's statement, agreeing that there was no occasion for an autopsy or inquest, and that the prompt issuance of a permit for burial was perfectly proper.

Ex-President Cleveland's Condition.

Lakewood, N. J., April 25.—Despite the statement issued yesterday by Mrs. Cleveland that the former president is "slowly and surely recovering," it is said to today that Mr. Cleveland is still a sick man. His condition is said to be such that no attempt will be made to move him unless he improves considerably.

Mr. Cleveland has recovered from the sinking spell earlier in the week which caused Mrs. Cleveland to come hurrying back from Princeton, but no attempt is made to conceal the fact that he is still in danger and that a relapse is liable at any time.

Jumped from Seventh Story Window

New York, April 25—Eugene Munsel, head of the Mica Insulating Wire Company, committed suicide early today by plunging from the window of his seventh floor apartment in the Vandyke Hotel, after inducing his wife to leave the room for a moment. Munsel was 57 years old and had been suffering from severe nervous trouble. Munsell's firm formerly was composed of himself, Louis W. Kingsley and Franklin Brooks, who died in India a year ago. The house has branches in parts of Europe and is one of the most prominent concerns of the kind in the world. The main factories are at Schenectady N. Y.

Boni After Anna.

Paris, April 25.—Reports that Count Boni de Castellane is on his way to Naples to appeal once more to Mme. Anna Gould against Prince Helie de Sagan and perhaps to challenge the latter, are still current here today. Verification of them is impossible, but it is a fact that Count Boni can not be found about his customary haunts. Paris is pretty well satisfied that the Prince and Mme. Gould will marry shortly, but do not believe that they already married.

Liner and Battleship Collide.

London, April 25.—The liner St. Paul has collided in the Solent with the cruiser Gladiator. A fog rendering navigation almost impossible, was responsible for the accident.

The St. Paul sailed from Southampton at midday for New York. The liner keeled over and is now lying on her side. The Gladiator, badly damaged, had to be grounded to prevent her from sinking.

Southampton, England, April 25—The passengers aboard the liner St. Paul, which collided with the cruiser Gladiator in the Solent, have all been saved.

The scene of the collision between the St. Paul and the Gladiator was Black Rock, near Yarmouth.

Seventy-two passengers left London for the liner this morning.

London, April 25—Later reports from the Isle of Wight do not speak of any loss of life in the collision between the liner St. Paul and the cruiser Gladiator. The cruiser was run down by the St. Paul and the Gladiator's men took to the boats. Though no loss of life is definitely reported, it is expected that several persons perished. The cruiser was beached on her beam ends.

New York, April 25.—The officers here of the American line have not as yet received any word of the disaster that has befallen their vessel. She cleared from Southampton today, according to a cable received, with a full complement of passengers and a very heavy freight cargo.

Cleaning Up Chicago.

Chicago, April 25.—Acting under orders of Chief of Detectives O'Brien detectives and policemen are conducting another clean-up of the city, in which more than one hundred known thieves, pickpockets and other criminals together with dozens of vagrants were arrested.

This is the fourth general round-up within the past month. Chief Shippey and Chief O'Brien have determined to continue the practice until the criminal and vagrant class is driven out.

Wife Murder and Suicide.

Salem, Mass. April 25.—Harry H. Lebaron shot and killed his wife at their home today and then put a bullet through his own heart, dying instantly. A note left indicates Lebaron's act was the result of a suicide pact. Both were 17 years old. They married last February against the advice of their friends. The husband had been out of work some time and the couple were destitute.

Death of Senator Camden.

Baltimore, April 25.—Former United States Senator J. N. Camden, of West Virginia, died at the Belvidere Hotel in this city today. Senator Camden came to Baltimore on April 8 and registered at the Belvidere where he remained up to the time of his death. The West Virginia statesman had been in poor health for some weeks and his death was not entirely unexpected.

Suspension.

New York, Apr. 25.—The suspension of James Zedman, a general broker, was announced today on the Consolidated Exchange. No statement of liabilities or assets was made, but it was claimed that the failure was comparatively unimportant.

Safeguarding King Manuel.

Lisbon, April 25.—Troops are bivouacked today along the route King Manuel will take tomorrow from Necdsas palace to the Jeronymos church at Belem to attend the memorial services for his father and brother, the late King Carlos and Crown Prince Luis Philippe. A strong guard has been strung about the church and about the palace the utmost precautions will be observed. A regiment of cavalry will accompany Manuel to and from the church and during his passage through the streets the thoroughfares will be kept clear and householders along the route required to keep away from doors and windows.

Earthquake Shock.

San Francisco, April 25.—A slight earthquake shock at 3:30 o'clock this morning caused considerable excitement in this city. So far as known no damage was done.

New York Stock Market.

New York, April 25.—The upward movement that was in progress as the stock market closed yesterday continued in the early trading this morning and prices in the first half hour made advances from fractions to about 1 point. On the new high levels reached realizing profits brought in a supply before the end of the hour that caused a reaction on which a good part of the early gains was lost. At the end of the hour the net changes were about equally divided between slight gains and losses.

THE JAMESTOWN PURCHASE.

The bill for the purchase of the Jamestown Exposition site, to be converted into a naval training station and coaling depot, will be considered by the Senate committee on naval affairs Tuesday morning. It is probable that the Secretary of the navy will appear before the committee in behalf of the bill. There is a good chance to get the bill through the Senate. Its chances of passage through the House are hardly so good.

The Woman's Home Companion for May which has been received from its publishers in New York is notable for the excellent fiction, up-to-date fashions, and good advice concerning household and garden. Dr. E. E Hale gives his monthly talk. Christine Terhune Herrick asks, "Are we ready for our Children?" and "Europe on five dollars a day" is the first of a series of articles on the best way to travel abroad.

AMERICAN MARKSMANSHIP.

American marksmanship will be matched against that of the other nations of the world at the Olympic games at London this summer. Action toward providing a team has been undertaken by the executive committee of the National Rifle Association and plans are under consideration for the six men who are to wear the American colors. The match will be shot on the famous Bisley Range, near London, under the mangement of the National Rifle Association of Great Britain on July 9 and 10. An intercolegiate competition for American colleges will be held in June. Teams have been promised from Yale, Harvard, Columbia and the Massachusetts Institute of Technology. A Woman Tells How to Relieve Rheumatic Pains.

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I brought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—Mrs. Sarah A. Cole, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniament. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by W. F. Creighton and Richard Gibson.

CHARGE AGAINST A SOLDIER.

Thomas Walsh, a member of company F, Thirteenth U. S. cavalry, stationed at Fort Myer, was arrested yesterday by Deputy Marshal Glover, of this city, and taken before U. S. Commissioner Wormley at Arlington, who sent him on to the grand jury on the charge of committing a criminal assault upon a colored woman. According to the evidence the complainant with her husband and a young colored girl were walking on the road in the vicinity of Fort Myer yesterday when Walsh, who was armed with a gun, approached them and, after ordering the man and the girl to go on, forced the woman into a barn, where the alleged crime was committed. The soldier in his defense denied the woman's story in toto. He said he was performing guard duty when the man with his wife and the girl attempted to pass through the line he was guarding. He called on them to halt but they paid no attention to him until he had called to them the third time and was about to discharge his gun at the trespasser. The colored man, who was drunk, and the girl moved away, but the woman said she was going to Georgetown and refused to go with her husband and his companion. Walsh said he had not regarded the incident as important and had thought but little about it since its occurrence. He is now in the jail in this city.

She died at 6 o'clock yesterday evening, an hour after being taken to a Washington hospital. The woman lived alone in a small house. Flames were discovered in the kitchen and the fire spread rapidly. Seeing that her house was doomed, the woman made frantic efforts to save her property which resulted in injuries which caused her death.

FINED FIVE DOLLARS.

A colored man was before the Police Court this morning charged with assaulting a colored boy with a stick yesterday afternoon in the southwestern section of the city. He said the boy had taken a flute from his son, a much smaller child, and that when he heard of the occurrence he started in search of the offender. Having found him, he armed himself with a stick and getting the boy's head between his legs he administered to him a severe thrashing. The colored man further said that the mischievous urchin was a terror to the neighborhood in which he resides, and that people, rather than achieve notoriety by having him arrested, suffer quietly at his hands. He believed he was acting as a public benefactor by catching him and giving him what he seldom received—a sound whipping. Justice Caton, however, did not regard the man's services in their light and fined him $5.

COUNTERFEIT DOLLARS.

Waverly Lucas, colored, was arrested yesterday by Officers Knight and Young charged with uttering counterfeit money. Several weeks ago, it will be remembered, it was stated in this column that a number of silver dollars had been found in the dock at the foot of Fayette alley. It now appears that they were a composition of lead and white metal. Lucas was charged with passing several of the spurious coins on shopkeepers and others.

The accused was brought before the Police Court this morning when he acknowledged having found the counterfeits in the dock during low tides. He said he had had seven of the imitation dollars. Justice Caton sent him on to the grand jury. Commonwealth Attorney Brent was present at the examination of the case. It is said that quite a number of counterfeit silver dollars are in circulation in this city, all of which, it is believed, have been found at the sewer outlet at the foot of Fayette alley. No one seems to be able to account for their appearance there.

EUREKA!

Yes, I Have Found It at Last,

Found what? Why that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me.—Elder John T. Oneley, Rootville, Pa. For sale by W. F. Creighton and Richard Gibson.

LOCOMOTIVE A "JONAH."

The Rutland Railroad's through train for Montreal, which left Troy, New York, at 2 o'clock yesterday afternoon, met with an accident at Hoosick Junction, where the engine jumped the track. The engine broke from the train and rolled down a steep embankment. The fireman and engineer jumped to save their lives. Engineer Edward Hastings, of Rutland, sprained his wrist. No one else was hurt.

The engine—No. 210—is known among railroad men as the "Jonah." During the last few years it has been wrecked six times, and three times Hastings was the engineer, being injured each time.

SUIT FOR DIVORCE.

J. H. Harris, a messenger in the War Department in Washington, was made defendant in the District Supreme Court of the District of Columbia in a suit for limited divorce and maintenance brought by his wife, Laura H. Harris. The wife alleges that after their separation, August 14, 1906, Harris procured an absolute divorce in Virginia. At the time the State court divorce was granted, Harris, it is said, was under order of a District of Columbia court to pay his wife alimony. Harris owns property in Anacostia and a farm in Fairfax county.

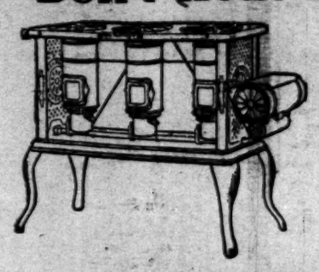
Don't Heat the Kitchen



All the necessary family cooking may be done as well on a New Perfection Wick, Blue Flame Oil Cook-Stove as on the best coal or wood range.

By using the "New Perfection" Oil Stove, the annoyance of an overheated and stuffy kitchen is entirely avoided, even in midsummer. The construction of the

NEW PERFECTION
Wick Blue Flame Oil Cook-Stove

is such that the heat is thrown directly upward against the kettle or pan upon the stove top, without affecting the atmosphere of the room to an appreciable degree.

You can at once see the advantage of this stove over a great range which throws heat in all directions—it is the ideal summer stove.

If your dealer does not have the "New Perfection" write our nearest agency.

The Rayo Lamp is substantially made of brass, finely nickeled and very handsome. Gives a powerful light and burns for hours with one filling. Portable, safe, convenient—just what every home needs.

If not with your dealer, write our nearest agency.
